

Caption A: Interest Rate change with FICO score. It is clearly shown that the highest FICO score is the lower the interest rate are. The blue for short terms, and red color for longer loans also show that longer loaners gets higher rates inside the same FICO score,

Caption B: includes all the data with FICO range 705-709, and shows that the higher the amount asked – the higher the interest is, with no regards to the FICO score
